

FHA BOARD REQUESTS RESIDENT INPUT ON ZIP CODE

Print this page and record your opinion.

As reported on in the first article in the December 2003 Newsletter, Steve Bennett, Pittsboro postmaster, spoke and answered questions at the November 4 FHA Board meeting. Residents have noted that commercial and mass mailings have been addressed to Fearington or Fearington Village instead of Pittsboro. He said this is due to entries in the National Address Database, which is organized by ZIP code. If 27312 is entered, three names are listed: Fearington, Fearington Village and Pittsboro. The system lists alphabetically, so Fearington comes up most often.

The FHA Board supports removing the Fearington and Fearington Village options from the database, but solicits the opinions of residents. Please state your opinion in the blanks below or choose an a listed option and deliver to the FHA office or FHA box in the Gathering Place kiosk. The deadline for responses is December 15.
